ZAFAR BAIG

Aspiring Full Stack Developer

Rotterdam, Netherlands • (06) 2526-2050 • baigzafar@email.com
linkedin.com/in/zmbaig • github.com/zmbaig

PROFESSIONAL SUMMARY

Motivated and detail-oriented aspiring Full Stack Developer with a solid foundation in modern web technologies. Recently completed intensive training in the JavaScript, with hands-on experience building responsive full-stack applications from concept to deployment. Strong problem-solving skills, eagerness to learn, and a passion for clean code and user-focused design. Looking for an entry-level or junior role where I can contribute, grow, and learn from experienced engineers.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React, Next.js, Tailwind CSS, Responsive Design
Backend: Node.js, Python, REST APIs, Authentication (JWT), Basic GraphQL
Tools & Platforms: Git & GitHub, VS Code, Postman, npm/yarn, Vercel, Render, basic Docker
Other: Agile basics, Figma (reading designs), Unit testing with Jest, Linux command line

PROJECTS

TaskFlow – Full Stack Task Management App

Tech: React, Node.js, Express, MongoDB, JWT, Tailwind CSS • github.com/jordanlee/taskflow

- Built a complete task manager with user authentication, CRUD operations, due dates, and priority filters.
- Implemented JWT-based auth and protected routes on both frontend and backend.
- Deployed frontend on Vercel and backend on Render; designed a clean, mobile-friendly UI.

ShopLite – Mini E-Commerce Store

Tech: Next.js, TypeScript, Prisma, PostgreSQL, Stripe (test mode) • github.com/jordanlee/shoplite

- Created a simple online store with product listing, cart, and checkout flow using Stripe test payments.
- Used Prisma ORM with PostgreSQL for data modeling and server-side rendering with Next.js.
- Focused on clean component structure, loading states, and basic form validation.

WeatherDash – Weather Dashboard

Tech: React, OpenWeatherMap API, Chart.js, CSS Modules • github.com/jordanlee/weatherdash

- Developed a responsive dashboard that fetches and displays current weather and 5-day forecasts.
- Practiced API integration, error handling, and data visualization with simple charts.

EXPERIENCE

Freelance Web Projects | *Self-employed*

2022 – Present

- Built and deployed small websites and landing pages for local clients using React and Tailwind.
- Communicated requirements, delivered on time, and handled basic hosting setup.

Full Stack Development Intern | *Local Startup Hub (Remote)*

Sep 2021 – Sep 2022

- Assisted in building internal tools using React and Node.js under senior developer guidance.
- Fixed bugs, wrote unit tests, and improved documentation for existing features.
- Participated in daily stand-ups and code reviews; learned Git workflow and Agile practices.

Print Operator | *Albelli Den Haag*

2016 – 2018

- Worked with different printers such as;
- Digital Mini Lab Frontier.
- LP2500P, LP5500, LP7700, QS3411 and QS3704 and VSP 50.

Front Desk | *Maritiem Hotel Rotterdam*

2012 – 2014

- Registering guests.
- Verifying exact reservation with respect to their names and identity.

- Distributing room keys.

Geo-information Officier | *Dienst Stedelijke Ontwikkeling Gemeente Den Haag*
January-December 2010

- Working with different type of Geo Data with respect to different buildings situated in the Municipality. For this, I experienced to work with following software; Digi Top(BAG), dgDIALOG(Grontmij application), Microstation and BAG Geometry of GBKN.

GIS Specialist | *Ingenieursbureau Gemeentewerken /Gemeente Rotterdam*
2007-2009

- Worked with Geo Information Systems projects. In this regard, I collected geodata for different objects and interpreted, analyzed and visualized in 3D models.

EDUCATION

Full Stack Web Development | *Winc Academy Amsterdam*
Completed 2022 • 14-week intensive program covering JavaScript, React, Node.js, SQL, Python and collaborative projects

Diploma (Advance Application in GIS) | *University of Amsterdam*
Completed 2005 • 4-week intensive program covering Geo-information Management Module.

M.Phil (Environmental Geochemistry) | *NCE in Geology University of Peshawar*
Completed 1996 • 2-Years intensive program covering Environmental Geochemistry of water, soil and rocks.

MSc (Geology) | *Department of Geology University of Peshawar*
Completed 1990 • 2-Years intensive program covering Earth Sciences.

BSc (Hons) | *Department of Geology University of Peshawar*
Completed 1989 • 3-Years intensive program covering Earth Sciences.

CERTIFICATIONS & LEARNING

- freeCodeCamp – Responsive Web Design & JavaScript Algorithms and Data Structures
- The Odin Project – Full Stack JavaScript path (in progress)
- Udemy – Complete Node.js Developer Course (completed)

ADDITIONAL INFORMATION

Languages: English (Native), basic Spanish
Soft Skills: Problem-solving, communication, teamwork, time management, willingness to learn
Availability: Immediately available for junior / entry-level full-time or internship roles (remote or hybrid preferred)
